

Kaivac Cycle — Checklist

Generated for Tesla GFNY EVS — 2025-10-02 23:01

- Set barricades; remove loose debris.
- Pre-spray fixtures, floors, walls/partitions; allow dwell time.
- Agitate high soil areas; detail hinges, bases, grout.
- Rinse/extract from back to front.
- Polish metal and mirrors; restock dispensers.
- Final mop/squeegee; QA check; photos; sign-off.
