

Factory EVS — Standards

Generated for Tesla GFNY EVS — 2025-10-02 23:01

Scope

- Restrooms/locker rooms, production aisles, mezzanines, docks.
- Coordinate with Security/Production for access windows.

Standards (Draft)

- Restrooms/Locker Rooms: restroom SOP + shower protocols.
- Production Aisles/Hallways: debris removal, dust control, spill response.
- Docks/Receiving: litter patrol, pallet wrap removal, slip checks.

Safety

- High-visibility vests; hearing protection as required.
- Never cross live production without authorization.
- Report near-misses and unsafe conditions immediately.
